- ✓ VRU replacement
- ✓ amplified deposit options
- ✓ reduces branch and vault operating costs

WELCOME TO THE

## "DISCOVER DTS GO" WEBINAR

*Vince Buscemi*

*Jason Stambaugh*

# DTS GO's intuitive dashboard kick-starts users' basic daily cash operations functions.

Our sleek, user-friendly design.  
Your name and logo on the dashboard.

The screenshot displays the DTS GO dashboard interface. At the top left is the DTS GO logo. The top right corner includes a 'Training' button, a language selector set to 'English', and a user profile for 'Gary, Smith' with the email 'ExampleCustomer'. A left-hand navigation menu lists 'Home', 'Deposits', 'Change Orders', 'Safe Counts', and 'Activity'. The main content area is titled 'Home' and features a 'Summary (last 30 days)' section with three key metrics: 9 Change Orders totaling \$9,185.00 USD, 12 Deposits totaling \$37,054.56 USD, and 9 Safe Counts totaling \$21,200.00 USD. Below this is a 'Latest Deposits' section with a 'View All' link, showing four individual deposit entries with their amounts, dates, customer names, and locations.

Metric	Count	Total Value (USD)
Change Orders	9	\$9,185.00
Deposits	12	\$37,054.56
Safe Counts	9	\$21,200.00

  

Amount	Date	Customer	Location
\$8,002.52	02/01/2023	ExampleCustomer	Location 100
\$2,300.25	01/26/2023	ExampleCustomer	Location 100
\$4,000.00	01/25/2023	ExampleCustomer	Location 100
\$2,568.25	01/25/2023	ExampleCustomer	Location 100

Help commercial customers **GO** forward.

**A curated suite of DTS tools enables a simplified user experience, minimizing back-end involvement and allowing DTS tracking and reporting to support commercial clients large and small.**

ADMIN

# WHY IS DTS GO A WIN FOR BANKS AND PARTNERS?

## **serve and optimize**

Provide an optimized user experience for your commercial clients with a mobile-first white-labeled platform.

---

## **increase fee revenue**

Increase service fee revenue while retaining and gaining commercial clients.

---

## **streamline and save**

Reduce your cost of bank and vault operations.

# NEXT STEPS

Want to partner with DTS to offer **DTS GO**?

## Roadmap

Here's how you can partner with DTS to move forward with offering DTS GO to your customers.

1

Share this document within your organization.

2

Watch and share the "Discover DTS GO" webinar, accessible [here](#).

3

Request to get DTS GO updates [here](#) so you can stay in the loop as the platform goes live.

4

[Book a touch-base call](#) with Vince Buscemi and the DTS team to outline your use case and design a pilot with DTS GO.
