

Deposit Solution

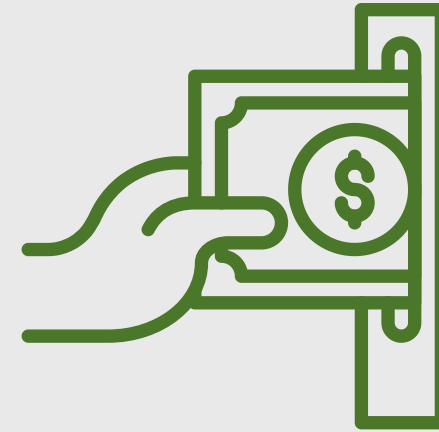

What if you could track your cash deposit as easily as you track a cheese pizza?

That's the question we asked ourselves twenty years ago. The answer?

The DTS Connex Deposit solution.

**Stop the
guessing game.
Know where
your cash is
every step of
the way.**

streamline and digitize

Store users enter depository information, prompting our cloud-based platform to create a digital deposit advice, printable from any connected printer.

access and investigate

Admin users can access deposit progress information and other relevant context from any device with internet.

optimize and save

Save time and money with optimized reporting and increased insights. Because when you know more, you can do better.

NEXT STEPS

Because “no news” isn’t “good news” when it comes to your cash.

Roadmap

Here’s how you can move forward with the DTS Deposit Solution.

1

Share this document within your organization.

2

Watch and share [this short video about our Deposit Solution.](#)

3

Connect with your PSM or [book a touch-base call](#) with Vince Buscemi to outline your use case and design a pilot with DTS Device InSites. You can also email Vince directly at vbuscemi@dtsconnex.com
